

GLENCOE PARK DISTRICT
SPECIAL PROJECTS AND FACILITIES COMMITTEE MEETING
Tuesday, October 2, 2018 | Takiff Center
Immediately following 7:00pm Finance Committee of the Whole Meeting

Consistent with the requirements of the Illinois Compiled Statutes 5 ILCS 120/1 through 120/6 (Open Meetings Act), notices of this meeting were posted.
Meeting Location: Takiff Center, 999 Green Bay Road, Glencoe, IL 60022

AGENDA

- I. Call to Order
- II. Roll Call
- III. Matters from the Public
- IV. Discussion on Three Year Capital Projects including Old Green Bay Trail Linear Park Plan
- V. Updates on Park Projects
- VI. Other Business
- VII. Adjournment

The Glencoe Park District is subject to the requirements of the Americans with Disabilities Act of 1990. Individuals with disabilities who plan to attend this meeting and who require certain accommodations in order to allow them to observe and/or participate in this meeting, or who have questions regarding the accessibility of the meeting or facilities, are asked to contact the Park District at 847-835-3030.
Executive Director Email: lsheppard@glencooparkdistrict.com

IV. Discussion on Three Year Capital Projects including Old Green Bay Trail Linear Park Plan

V. Updates on Park Projects

**Please see attached Minutes, further Board and staff
discussion on this subject will take place.**

Glencoe Park District
October 2, 2018
Special Projects and Facilities Committee Meeting

INTEROFFICE MEMORANDUM

TO: BOARD OF COMMISSIONERS
FROM: LISA SHEPPARD, EXECUTIVE DIRECTOR
SUBJECT: CAPITAL PROJECT PLAN
DATE: 9/27/18
CC: CAROL MENSINGER AND CHRIS LEINER

Attached is the current three-year capital projects plan. During the special projects meeting, we would like to continue discussion on updating the plan. Staff is recommending that the following projects not be added to the Capital Plan and only be completed in the 5-year timeframe if donations are secured:

- Takiff Parking E and F
- Bird Sanctuary (general maintenance will come from Fund 65)
- Reinsdorf Field

Staff would also like to make the Board aware of items that have received more than normal community input/calls on this year:

- Lights for the tennis courts at Watts
- Improved drainage in low lying park land that retains water for long periods of time
- Improvements to the baseball field at Watts: skin infield and improve drainage
- Improvements to the baseball field at West: complete renovation of the fields

If the Board chooses to advance the Green Bay Linear Park project and apply for a future OSLAD grant, discussion will need to take place on where to slate this project in the timeline.

PROPOSED 3YR Master Plan - Staff Recommendation

SEPTEMBER 2018	<u>Actual 2016/17</u>	<u>Actual 2017/18</u>	<u>Current 2018/19</u>	<u>Proposed 2019/20</u>	<u>Proposed 2020/21</u>	<u>Proposed 2021/22</u>	<u>Later</u>

MINUTES OF SEPTEMBER 11, 2018 SPECIAL PROJECTS AND FACILITIES
COMMITTEE MEETING
GLENCOE PARK DISTRICT
999 GREEN BAY ROAD, GLENCOE, ILLINOIS 60022

The meeting was called to order at 7:04pm and roll was called.

Committee Members present:

Lisa Brooks, President
Stefanie Boron, Vice President
Josh Lutton, Commissioner

Staff present:

Lisa Sheppard, Executive Director/Secretary
Carol Mensinger, Director of Finance/HR
Chris Leiner, Director of Parks/Maintenance
Bobby Collins, Director of Recreation/Facilities
Erin Classen, Supt. of Marketing/Comm.

Committee Members absent:

Dudley Onderdonk, Chair/Treasurer

Members of the Public in attendance who signed in or spoke: Jim Carper, Penny Carper, Jay Chmiel, Larry Domont, Sally Domont, Dan Dorfman, Andrew Edelston, Adam Hal, Lucia Halvadia, Marla Hand, Bob Kimble, Phil Kiraly, Gary Lee, Todd Marver, Klaus Miller-Bergh, Vera Regina Miller-Bergh, Mary B. Motley, Mary G. Motley, Jim Nyeste, Scott Padiak, Bernard Rosauer, Jon Ruderman, Roman Schlaeger, Nina Schroeder, Steve Schroeder, Eric Sigurdson, Eileen Sirkin, Jack Smyth, Roberta Ury

Matters from the Public: There were no matters from the public.

Design Review of Old Green Bay Linear Parks: John McManus and Josephine Bellalta of Altamanu gave the presentation attached to these minutes. Changes from the first plan included changing the entranceways from cobblestone to pavers and taking out the walking loop at "sunken park". President Brooks welcomed community input.

Public Comment on Designs presented for Old Green Bay Linear Parks:

- Comment one: Can part of the path branch to the east so that we do not have to go to entrance to get on pathway, there is an underground river in a section of the park.
- Comment two: Can you make the camp tent where the pick-up location is a permanent building? Likes the splash pad
- Comment three: Less is more, way too ambitious, what is the cost of construction and ongoing maintenance
- Comment four: Grandchildren live in the area and likes the plan that it will be safer biking for children
- Comment five: Lives in the area, kids like to bike, does not think the park will drive in a large amount of people, we have many young families in the area, likes it and thinks it is a great idea
- Comment six: Lives on Greenleaf, likes the rose garden, how do you know they will use path instead of the road
- Comment seven: Hazel crossing – How are we going to deal with that crossing

- Comment eight: Lives on Maple Hill, intersection a concern, incorporate the underground river, go further to the east for the trail, instead of aerating the roots, parking questions.
- Comment nine: Lives on Maple Hill Road, does not want it to be a designation park Favors: Veterans Memorial, improvement in drainage, playground but not much larger, train, and rumble bike circuit. Not Favored: Introduction of more hardscape, paths, exercise equipment (clutter), taking away informal activity space.
- Comment ten: Like the plan, path would be great for kids, familiar with the train in another community and it caused frustration because it is locked up a lot, how do people access it, worried about Maple Hill intersection
- Comment eleven: Love activating the area idea, devote time to protecting the tree
- Comment twelve: Lives on Denis Lane, talked about bike and walking traffic
- Comment thirteen: Lives on Madison Street, uses route to take grandchild to school, less is more, likes Veterans Memorial Park, parks have a lot of kids, this will attract people to buy houses, less pathways so it doesn't threaten trees.
- Comment fourteen: Came in without a lot of knowledge on projects, should only do things that are must haves, park is a must have, path is redundant not a must have.
- Many comments questioned the construction and maintenance cost of this project

Josephine Bellalta presented the estimated project costs. Committee discussion ensued.

Capital Projects Discussion: Executive Director Sheppard informed the Board that they will need to make the decision if they want to move forward with the OSLAD grant they would need to pass a resolution at the September 17 Regular Board Meeting. The project cost for the OSLAD grant project components is approximately \$2.3 million. Veteran's Park, professional services, and unknowns would be an additional cost. Once the District makes a commitment to move forward with the OSLAD grant by passing the resolution at the September 17 Regular Board Meeting and if we are awarded the grant then we are committed to completing the project components. Usually the grant applied for would be for the full amount; however, if they reduce the grant funds, we would be allowed to reduce the scope of the project.

Committee discussion ensued. Bob Kimble indicated that he really liked the plan and saw it as an asset for the community. Commissioner Lutton stated that he wanted to be clear that the reason he ran for this seat was because he supported an agenda, which everyone on this Board already knows. But, he wanted to make sure if we do the trail that we do it right and thinks it's a mistake to put a gravel path through grass. He thinks that is just not aesthetically appealing. He said the master plan calls for more walking paths and native plantings. He questioned what plantings or landscaping would be around that path. Question number two is although he fully understands as well as anyone here that the sidewalk is not park district property, he would like to have a conversation about if we can work with the Village on one sidewalk or trail. Executive Director Sheppard indicated to the committee that the reason it is a winding path is that during the prior brainstorming meetings regarding this park development one of the directives was to have a winding path through the park so that it would not encourage use by fast bicycles, but more adults with children bicyclist and runners. Parks Director

Leiner indicated that the path has pockets of planting gardens that would be less costly to maintain. Commissioner Boron also liked the plan and was in favor of the pathway the way it was depicted, leaving the sidewalks. This gives delineation between walkers, bikers, etc. She liked the hand-cranked train and thinks there is opportunity for a donor. She questioned if we need that many fitness stations. President Brooks was also in favor of the plan and is reflective of what was discussed in prior committee meetings. She indicated that she was surprised of Josh's remarks, what would make him go from wanting a path to not wanting one.

Discussion ensued regarding the pathways, Board's past direction for the designs, material selection for the grant, and placement of path affecting recreational use of current open areas were discussed.

Executive Director Sheppard stated that if the Board decides to go for the grant, all the capital projects in the next two years, with the exception of this playground and the pathway, would be deferred for three more years. The linear project system would be the only project in the next couple of years. In addition, we have received more calls than normal this year, requesting lights at Watts tennis courts, improve drainage in low lying parks, and improvements of baseball fields. This is an important project, but know that if the project moves forward, all other improvements talked about in the last couple years that are infrastructure needs would have to be put off for 2-3 years.

Director Mensinger continued that the OSLAD grant monies must be paid by the District and then OSLAD refunds after the project is complete. Funding options were reviewed. The items on the 3-Year Capital Projects plan were reviewed and which projects would be deferred if the grant project is approved. The Board needs to ask themselves if a \$400,000 OSLAD grant is worth suspending two years of our capital plan or would doing the project in phases would better suit the community.

Committee discussion ensued; each committee member gave their project viewpoint.

Chair Brooks, based on the discussion by the committee, directed park district staff to move forward with the OSLAD resolution as an action item at the Monday, September 17 Regular Board Meeting.

Other Business: There was no other business.

Adjourn: Commissioner Boron moved to adjourn the meeting at 9:31pm. Commissioner Lutton seconded the motion, which passed by unanimous voice vote.

Respectfully submitted,

Lisa M. Sheppard
Secretary

Old Green Bay Road Linear Parks Master Plan

September 11th, 2018

Delighted to be Here!!!

Tonight

Proposal for a Recreational Multi-Use Trail through the Parks along Old Green Bay Road

Accommodate Variety of Users, All Ages & Abilities

Act as a Spine for Aesthetic and Park Experiences

Promote Exercise and the Health of the Community

But First the Opening of Jefferson Vernon Playground

Before

Opening Day August 29th 2018

Shows the Need for Recreation

Green Bay Trail Facts

Trail end points:

St. Johns Ave. at Sheridan Rd. (Highland Park) and Greenleaf Ave. (Wilmette)

Trail surfaces: Asphalt, Concrete, Crushed Stone

Trail category: Rail-Trail

Trail activities:

Biking, Skating, Walking, Jogging, Cross-Country Skiing, Wheelchair Accessible

ACCESSIBLE?

Not Particularly in Glencoe!!!

Part of the Trail is through Parks, on Separate Paths
However long Segments are on Busy Roadways

And Next Year is the Sesquicentennial

“Glencoe officials are seeking suggestions from residents on what they would like to see in terms of a “legacy gift” as part of the next year’s planned celebration of the village’s 150th anniversary of its incorporation.

The goal is to have some long-lasting gift that will remain in place long after the village’s sesquicentennial festivities subside.

The Park Districts' Reaction to All that Information

The Board of Park Commissioners of the Park District
conducted visioning secessions

Engaged Altamanu to examine the
Potential of a Multi-Use Trail along the
Old Green Bay Road Linear Parks

Proposed Project : .53 Miles Approx. 2,800 Feet

More Than Seven and a Half Football Fields

What's Involved?

5 Separate Parks, each with its own distinct character, viewsheds, settings, and spatial relationships.

A playground that needs to be replaced, Veterans Memorial, various gardens, historic artifacts and an urban forest with many mature (priceless) trees.

Issues within each park vary. Some Streets have no Pathways and there are No Park Pathways.

Drainage, current-use, potential-use, and relationship to residences are also important.

What's are We Trying to Do?

Provide a Safe Environment for All, including Children, and Active Adults, to Exercise Together and Experience Our Parks.

Not Just a “Borrowed Landscape” to View as you Drive-By along the Road, but “being in the Parks under the Trees”.
(ADA access into the Parks not just along the Street)

Rehabilitate the Park Facilities that We Have (Playground at Lincoln and Crescent constructed 26 years ago)

Add New Facilities of Interest to All but in particular the Young and Seniors
