GLENCOE PARK DISTRICT
SPECIAL PROJECTS AND FACILITIES MEETING
Tuesday, November 15, 2016
Immediately following the Regular Board Meeting
Takiff Center

Consistent with the requirements of the Illinois Compiled Statutes 5 ILCS 120/1 through 120/6 (Open Meetings Act), notices of this meeting were posted.
Meeting Location: Takiff Center, 999 Green Bay Road, Glencoe, IL 60022

AGENDA

I. Call to Order

II. Roll Call

III. Approval of corrected Minutes of the June 7, 2106 Special Projects and Facilities Committee Meeting

IV. Approval of Minutes of the September 6, 2016 Special Projects and Facilities Committee Meeting

V. Matters from the Public

VI. Discussion on Development of a Community Center Site Plan

VII. Discussion on Condition of “Breakwater” Sculpture at Park 2n

VIII. Discussion on Park District Park Signs

IX. Other Business
   A. Next Meeting Date: Wednesday, December 7 at 6:30pm

X. Adjournment

The Glencoe Park District is subject to the requirements of the Americans with Disabilities Act of 1990. Individuals with disabilities who plan to attend this meeting and who require certain accommodations in order to allow them to observe and/or participate in this meeting, or who have questions regarding the accessibility of the meeting or facilities, are asked to contact the Park District at 847-835-3030.
Executive Director Email: lsheppard@glencoeparkdistrict.com
III. Approval of corrected Minutes of the June 7, 2016 Special Projects and Facilities Committee Meeting

Glencoe Park District
November 15, 2016
Special Projects and Facilities Committee Meeting
The meeting was called to order at 7:00 p.m. and roll was called.

Committee Members present: Andre Lerman, Chair/Commissioner
Lisa Brooks, Treasurer
Steve Gaines, President

Staff present: Lisa Sheppard, Executive Director/Secretary
Chris Leiner, Director of Parks & Maintenance

Commissioners present: Dudley Onderdonk, Vice President
Seth Palatnik, Commissioner

Members of the Public in attendance who signed in or spoke: Eleanor Black, Tom Zordan

Discussion of Takiff Center Roof and Clock Tower Bids: Executive Director Sheppard handed out a memo on bid results and staff recommendation and then turned the discussion over to Director Leiner who gave an overview of the bid opening, lowest bids, life expectancy of each material, and staff recommendation. Tom Zordan of ACG Architectural Consulting Group reviewed the warranty and the difference between life expectancy of materials. Director Leiner reviewed alternate components and additional funds remaining for contingency.

Discussion ensued by commissioners.

Executive Director Sheppard emphasized that a vote on the roof bids should occur at the June Regular Board meeting in order to start the project in August. Executive Director Sheppard and Director Leiner stated that staff recommends approving the slate base bid from A-1 roofing for $283,900, Alternate 1 (Items 1 & 2 only) for $113,700, Alternate 2 for $53,400 and Alternate 5 for $26,000 for a total bid cost of $477,000. They indicated that $535,000 was budgeted in the Operational Account for this project, so this leaves a contingency of $58,000.

Executive Director Sheppard directed Mr. Zordan to provide samples of the architectural shingles so that commissioners may look at the samples prior to the Board meeting. Executive Director Sheppard will notify commissioners when the samples arrive.

Special Projects Chair Lerman recommended that staff move forward with approval of the Takiff Center Roof and Clock Tower Bids at the June Regular Board meeting.
Other Business: Graphic Standards and Style Guide approved in March 2015, specifically the park sign guide, was reviewed along with types of wood, finishes, and size options.

Adjourn: Commissioner Brooks moved to adjourn the meeting at 8:08 p.m. President Gaines seconded the motion, which passed by unanimous voice vote.

Respectfully submitted,

_______________________________________
Lisa M. Sheppard
Secretary
IV. Approval of Minutes of the September 6, 2016 Special Projects and Facilities Committee

Glencoe Park District
November 15, 2016
Special Projects and Facilities Committee Meeting
The meeting was called to order at 7:00 p.m. and roll was called.

**Committee Members present:**
- Andre Lerman, Chair/Commissioner
- Lisa Brooks, Treasurer
- Steve Gaines, President

**Staff present:**
- Lisa Sheppard, Executive Director/Secretary
- Chris Leiner, Director of Parks/Maintenance

**Commissioners present:**
- Dudley Onderdonk, Vice President

**Members of the Public in Attendance who Signed In or Spoke:**
- Dan Dorfman
- Eileen Sirkin

**Approval of Minutes of the July 5, 2016 Special Projects and Facilities Committee Meeting:**
A motion was made by President Gaines to approve the minutes as presented. Commissioner Brooks seconded the motion. No discussion ensued. Roll call vote taken:

- **AYES:** Brooks, Gaines, Lerman
- **NAYS:** None
- **ABSENT:** None

**Matters from the Public:**
There was no one wishing to address the Committee.

**Update on Current Projects in the District:**
Director Leiner reviewed status of and upcoming steps for all current projects including Kalk Park & Liza’s Gazebo, Phil Thomas Playground at Shelton Park, Melvin Berlin Park, Takiff roof, and recent removal of the Skate Park at Takiff due to the age and condition of equipment exceeding its life.

The re-dedication of Liza’s Gazebo and Kalk Park was set for the day after Thanksgiving to allow for Liza’s family and friends who are in town for the holiday to attend. The re-dedication for Shelton Park is scheduled for Tuesday, September 20 prior the Board meeting.

Discussion ensued by the Committee.

**Discussion on Three-Year Capital Plan:**
The communication timeline and discussion framework criteria were discussed. Executive Director Sheppard reviewed processes and community involvement for researching and planning improvements to various parks listed under FY2017/18 on the Three-Year Capital Project Plan included in the Committee Packet. Discussion ensued regarding each project.
The Committee recommended to advance the proposed FY2017/18 Three-Year Capital Plan to the Board to begin planning.

Other Business: There was no other business.

Adjourn: The meeting adjourned at 8:45 p.m. by unanimous voice vote.

Respectfully submitted,

Lisa M. Sheppard
Secretary
VI. Discussion on Development of a Community Center Plan including Parking

Glencoe Park District
November 15, 2016
Special Projects and Facilities Committee Meeting
To: Board of Commissioners                              Date: 11-9-16
From: Lisa Sheppard, Executive Director

SUBJECT: Discussion on Development of a Community Center Site Plan

On pages 194-195 of the Master Plan, it was recommended that a site plan strategy for the Community Center site be developed. Since the three-year Capital Plan calls for improvements in the parking capacity at the Community Center and a possible dog park on this site, staff strongly believes that it would be prudent to develop a long-term site plan before the beginning of any site development. This would allow for avoiding the pitfalls of making short-term fixes that may impact long-term opportunities available at the site in the future.

I have included the pages from the Comprehensive Master Plan. Staff fully realizes that not all concepts developed in the plan would be constructed immediately, but would be for future consideration in the capital project planning process. Developing this plan would effectively provide staff with a long-term Board vetted roadmap for potential future developments on the site.

Recommendation: Direct staff to begin the process of developing a Community Center Site Plan with a contract approved by the Board prior to the commencement of any work.
An overall master plan strategy for the Takiff Center, Park and on-site maintenance facility comprehensively addresses some of the major site and facility issues brought to light during the Assess and Connect phases of the comprehensive master plan.

Parking issues currently plague the site and there are not enough spaces to serve the existing Center uses and park patrons. As Center improvements are made – including, but not limited to the fitness area – additional parking issues are expected to arise if not addressed over the next five years. Typically, a zoning code recommends a specific number of spaces required per 1,000 square feet or per number of employees and students in childcare situations. The Village of Glencoe zoning code states that the required parking shall be determined based on the code-calculated occupancy of the structure. The code also states that pre-kindergarten and elementary schools require one space for each staff member/employee plus one space for each 16 pupils. A typical rule of thumb is three to four cars per 1,000 square foot of indoor space. Because of the vagueness in the Village of Glencoe zoning code, this metric, along with the pre-kindergarten and elementary school zoning code requirements, was used to estimate the number of parking spaces necessary to a facility of this size. Circulation and access also require improvements to serve the expected increase in Center and Park patrons upon facility improvements.

Maintenance improvements should also be included during master planning and development of the Takiff Center and Park as they share the site. As mentioned previously, a District of similar size typically requires a consolidated 10,000 to 15,000 square foot facility on approximately 1.5 to 2.0 acres of land. Currently, the District has 11,240 square feet of maintenance space in multiple small buildings. Apartments and housing also take up precious space that should be dedicated to maintenance.
Site Improvements
- Demolish maintenance (except 2 cold storage)
- Construct new maintenance
- Establish stronger, more prominent entrance on South
  - Establish stronger entrance on street-facing side
  - Separate branding for Early Learning Center and Glencoe Junior Kindergarten
- Expand parking
  - Recommendations for fitness and programming portions of Center: 3-4 parking spaces per 1,000 square feet
  - Recommendations for ELC and GJK portions of Center: 1 space per staff member / employee plus 1 space per 16 pupils
- Remove and relocate skate park
- Connect to the Green Bay Trail through wayfinding signage and improved crosswalks
- Construct pony or 300’ adult softball field / relocate field
- Construct spectator area
- Relocate lighting
- Consider shelter with picnic amenities
- Consider natural area around detention
- Consider looping path system

Takiff Center
- Repurpose Aiken Activity Room for fitness center
- Renovate control desk for visitor hospitality and fitness check-in
- Provide dedicated room for NSSRA use (Community Room #3)
- Implement miscellaneous infrastructure improvements (HVAC, etc.)

Maintenance
- Demolish maintenance (except 2 cold storage)
- Construct replacement Maintenance Facility and greenhouses on site
- All buildings except for two pre-engineered cold storage buildings would be demolished and replaced with a single, 9,000-10,000 SF structure housing office, break/training, locker room, vehicle storage, and shop space
- Investigate opportunities to partner with Village of Glencoe or neighboring Park Districts to share a Maintenance Facility for joint use
- Consider purchase of existing industrial/maintenance facility
VII. Discussion on Condition of “Breakwater” Sculpture at Park 2n

Glencoe Park District
November 15, 2016
Special Projects and Facilities Committee Meeting
To: Lisa Sheppard, Executive Director  
From: Chris Leiner, Director of Parks & Maintenance  

SUBJECT: Assessment of Beach Road & Old Green Bay Park “Breakwater Sculpture”

As I have continued the process of inspecting the physical assets of the Park District, I recently conducted an inspection of Sculpture Park (Beach Road & Old Green Bay). While I found the park to be in an acceptable safe condition, I am concerned about the condition of the Breakwater Sculpture.

The sculpture shows significant structural decay and rust holes, and has shifted off the anchoring points. Portions of the structure are loose and show significant movement with little effort. The piece was originally manufactured in 1976 and is made of corrosion resistant steel commonly referred to as Corten Steel. While the material is designed for outdoor use and typically does not require protective coatings such as paint or epoxy which makes it ideal for public art or outdoor fixtures, it does have a lifespan. High humidity and rainfall can shorten the useful lifespan of the material.

In many places on the sculpture, the steel has become so thin that welding or mechanical fasteners would be unable to re-anchor the loose components.

Based on these concerns, I requested that our PDRMA representative inspect the sculpture. PDRMA’s recommendation as provided on 10/12/16 was that if the Park District desires to maintain the sculpture a structural engineering assessment would be necessary to direct the Park District in repair options.

While the action area of the Park District’s Master Plan schedules for a specific site upgrade process to begin for the linear parks along Old Green Bay Road in 2018, it is my professional opinion that the Breakwater Sculpture is either in need of significant maintenance or requires removal in the coming year.

In addition to its condition, the breakwater sculpture is not handicapped accessible and there is no path of travel to this area.

Direction is needed from the Board to determine if they would like to expend significant resources to fix the sculpture or remove the sculpture from the Park.

### ANALYSIS

Beach Road and Old Green Bay Road features a large metal sculpture (“Breakwater”) and heavy tree cover. The sculpture sits in a central location, highly visible from Old Green Bay Road and Park Avenue. While highly visible, the sculpture does not have any perimeter ornamental plantings or seating areas that would bring people to the site. Instead the sculpture is only visible from the road. No internal trail connections exist within the site, but a sidewalk is present along the perimeter. This site is located amidst a string of open space along Old Green Bay Road. Incorporating a trail through this site, and through the adjacent open spaces, would create a greenway system along Old Green Bay Road and could encourage use.
VII. Discussion on Park District Signs

Glencoe Park District
November 15, 2016
Special Projects and Facilities Committee Meeting
To: Board of Commissioners
From: Lisa Sheppard, Executive Director

Date: 11-8-16

SUBJECT: Park Signs

Commissioner Lerman has requested that park signs be an agenda item for discussion. Staff presented the branding discussion, including park signs on a number of occasions to solicit feedback from the Board. At the June 7, 2016 Special Projects and Committee meeting, I inaccurately indicated that the Board “approved” the park sign concept in March. Discussion did take place at the Committee and Board level, but no official approval occurred, nor was it legally required to do be approved. The branding discussion was first introduced during the Master Plan process, then in January 2015, and again at June 7, 2016 Special Projects meeting.

The following was taken from Executive Director January 2015 Board Report…

Park Sign Guidelines: During the Master Planning process, it became apparent that the Glencoe Park District needs a more cohesive identity in our parks. Some parks are without signs, while others have signs made of a variety of materials and often do not include our logo. The inconsistent (or lack of) identity is confusing to the public. As such, we worked with designer Josh Bucher to develop a set of sign templates that can be used at Park District properties. Showcase parks will receive the largest signs, with a rounded top. Community parks will receive the middle size signs, while small neighborhood parks will receive the smaller signs. The park signs can be built and sandblasted in-house, following the template design. Template and guidelines for the signs are attached at the end of my report.
(Sign template and guidelines included as part of this report are attached - Attachment A)

More detailed discussion occurred at the June 7, 2016 Special Projects meeting where all five Board of Park Commissioners were in attendance. This discussion included handouts of the branding guide, examples of park signs with sign sizes and color change. The audio tape of that discussion is available and the conversation begins at 1:01:56 and ends at 1:09:45. Discussion included color and high contrast of font, size of signs, font signs, height off the ground, branding, and adding sunrise on all signs. We indicated to the committee that we did not need “official” approval, but wanted the commissioners “unofficial approval” because this is the sign design we will be using going forward. The commissioners agreed to the sign designs and the chair recommended we proceed with the signs with the “sunrise” on most signs.
(Sign template and guidelines included as part of this report are attached - Attachment B)

Direction is needed from the Board if they want a Park Sign Policy developed in the Personnel and Policy Committee.
PARK SIGNS

Park signs come three sizes. All are cut into Ash and the type, logo, and lines are painted blue (Pantone 540C). All signs have rounded corners. The largest sign has a rounded top. The Glencoe Park District name is set in Nimbus Sans. The Park name is in Georgia Bold. The size of the park name varies with number of characters.

COMMUNITY PARK

GLENCOE PARK DISTRICT
Lakefront Park

NEIGHBORHOOD PARK

GLENCOE PARK DISTRICT
Shelton Park

MINI PARK

GLENCOE PARK DISTRICT
Friends Park

The distance of the name from the outline should be equal to the distance of the line from the edge of the sign. The park’s name is centered vertically between the Glencoe Park District name and the bottom line.

The weight of each sign’s outline should be proportional to the weight of the lines on the sign’s logo.
Uses of Glencoe Park District Logo, typography, colors and graphic elements in approved media.

MARCH, 2015
All logos on this page are approved forms of the logo. Logos may not be used in any other form without administrative approval.

**OFFICIAL LOGO**

![Official Logo](image)

**Colors**
- Pantone 293 Blue: C-100, M-57, Y-0, K-2
- Pantone 347 Green: C-100, M-0, Y-86, K-3
- Pantone Yellow: C-0, M-1, Y-100, K-0
- Black: C-0, M-0, Y-0, K-100

**NOTE:** When Pantone colors are printed as CMYK breakdowns, there will be a variation in the colors as there will be when printing on uncoated stocks.

**Size and placement**
Logo may not be used smaller than 1.25 inches wide with the exception of business cards/envelopes. Logo should be used in top left corner, bottom right corner, or centered at the top of the piece.

**ONE COLOR LOGO VARIATIONS**

![One Color Logo Variations](image)

- Pantone Black
  - Sun—50% Black
  - Trees—75% Black
  - Type—75% Black
- White
  - Reversed out of a solid color
- Logo without name
  - To be used when Park District name is used adjacently.
  - *Must be approved.
- Logo without name in full black
  - If full black logo is used with name, the name should be in full black as well.

**ADDITIONAL LOGOS**

![Additional Logos](image)

**CAMP LOGOS**

![Camp Logos](image)

Additional logos may have individual standards for color and font that differ from those in this guide. Those guidelines should be maintained and size the size restriction of 1.25 inches wide applies to all logos. Other approved logos must include the Glencoe Park District name on the item or the Glencoe Park District logo.

The Glencoe trademark “swoosh” is a visual element which may be placed at the top or bottom of most Glencoe Park District literature. It is not to be used at a screen of any lesser value than 20% of its Pantone (295 Blue or 347 Green). The swoosh may be used flowing from left to right or right to left as shown. Swoosh may bleed off page or be contained 1/8” within both sides of page, depending on application.

The gray circle pattern is used on the website, display graphics and other items. It can be used on top of colors or white. It is placed in the bottom corner.

Updated swoosh options used in bus graphics.
IDENTITY USAGE FOR OFFICE MATERIALS

LETTERHEAD
The letterhead includes the green swoosh and the full color logo. The logo must be 1" from top and .875" from edge of page. The typefaces at the bottom are Avenir and Cronos.

BUSINESS CARDS
Business cards include the green swoosh and full color logo. The logo must be 3/16" from top and edge of page. The typefaces are Avenir and Cronos.

ENVELOPES
Envelopes include the full color logo. The logo must be .475" from top and .325" from the edge of the page. The typeface for the address is Avenir.
PARK SIGNS

Park signs come three sizes. All are cut into Ash and the type, logo, and lines are painted blue (Pantone 540C). All signs have rounded corners. The largest sign has a rounded top. The Glencoe Park District name is set in Nimbus Sans. The Park name is in Georgia Bold. The size of the park name varies with number of characters.

COMMUNITY PARK

GLENCOE PARK DISTRICT
Lakefront Park

NEIGHBORHOOD PARK

GLENCOE PARK DISTRICT
Shelton Park

MINI PARK

GLENCOE PARK DISTRICT
Friends Park

The distance of the name from the outline should be equal to the distance of the line from the edge of the sign. The park’s name is centered vertically between the Glencoe Park District name and the bottom line.

The weight of each sign’s outline should be proportional to the weight of the lines on the sign’s logo.
POSTERS AND BANNERS

Park Events Poster (36” x 24”) will be 4-color with photos and short descriptions of events for the current season. Headlines will be in the Mandigo type font, reversed out of PMS 293 Blue (wave graphic). Other text is in different versions of Helvetica Neue: Heavy Condensed in Pantone 347 for event titles, Condensed in Pantone 293 for details and Condensed in black for descriptions. Posters will feature the green wave at the bottom as well as a color bar at the top (36” wide by 1.25” tall) which will coordinate with the program guide for that season. The three-color Glencoe logo will be at bottom right hand corner. Seasonal graphics will be as follows:

Spring—flower  Summer—sun  Fall—leaf  Winter—snowflake.

**FREE! WORLDWIDE DAY OF PLAY**
1:30 PM | Saturday, September 20 | Taft Center
Each year Nickleodeon goes completely dark for three hours, removing their programming from all channels and shutting down their website to reinforce one message: Get Up, Get Out and Go Play! Celebrate this maroonous day of play with crafts, sports and wellness programs at the Taft Center. All ages welcome!

**FREE! HARVEST FEST**
2-9 PM | Saturday, October 11 | Kahl Park
You'll feel like fall in the afternoon with premiums, games, entertainment, food, and attractions. In the evening, the fun will die down with a Fireworks display. Bring your chairs to enjoy the festivities!

**GRAVY GAMES* 11 AM - 2 PM | Saturday, November 15 | Taft Center**
Compete in the ultimate Thanksgiving athletic competition. Run, the Drumstick Dash, throw darts in the Turkey Shore, and compete in the Washer Game. It's a Thanksgiving family! Each participant will receive a T-shirt, please specify shirt size at registration. The first hour will include crafts and activities for all ages. In the spirit of the holiday, participants are encouraged to bring canned goods and non-perishable items to donate to the New Trier Township Food Pantry. Children must be accompanied by an adult.

**SCHOOL DAY OFF FUN**
Taft Center | Activity 213425
Join us for an adventure! On select school days off, we will travel to places or events at the Taft Center for games, sports, science, and more! Fee includes ALL day off activities, transportation, and a snack lunch! Drop off and pick up at the Taft Center, unless otherwise noted. Pre-registration is required for all School Day Off Fun programs. On-site registrations will be accepted, space permitting. If space is limited, the pre-registration minimum will apply.

**BOO BASH**
5:30 PM - 7 PM | Thursday, October 30 | Taft Center
This all-ages bash is October 31 and 19th at 6:30 PM! Join us for a spooky and delightful time! From 5:30 PM to 6 PM, we’ll have games and activities for all ages. From 6 PM to 7 PM, we’ll have a costume contest. Don’t miss out on this fun-filled evening!

**SKATE-A-THON**
6-8 PM | Friday, November 28 | Watts Ice Center
Skate off the weight! Join us at the opening day and skate for a cause! Your admission fee helps to further the great work of the Ann A. Robert H. Lurie Children’s Hospital of Chicago.

Visit glencoe.parkdistrict.com for more programs & events!

---

Banners should reflect the specific style and branding of the event being promoted. Or, by default, the basic 2-color banner template uses Mandingo reversed out of PMS 293 Blue for all headlines, Minion for subheads—dates, times etc. in PMS 347 Green.
There are 3 guides printed throughout the year. These include:
Glencoe Fall Guide
Glencoe Winter Guide
Glencoe Spring/Summer Guide
Standards for these Guides include, from top to bottom:
- Large 4-color photo displaying activities for the current guide
- Glencoe Park District in white Eurostile Bold (Width set to 125% and tracking set to 145). 85% drop shadow
- Season in white Cronos Pro with 85% drop shadow
- Multicolored swoosh at the bottom
- Registration information in bottom left corner in Cronos Pro
- Full color Glencoe Park District logo in bottom right

RESIDENT REGISTRATION STARTS WEDNESDAY, APRIL 8

2015-2016 SCHOOL YEAR REGISTRATION:
Registration for the 2015-16 school year begins Monday, December 1, 2014.

HALF DAY PRESCHOOL

2-YEAR-OLD PRESCHOOL

CHILDREN are paired with social learning Cohen language development, a key tool for our busy 2s! We enrich the day with language and stories, social and conversation, and much more! We work in the half day, half day, with each half day and then move to the house area, learning in natural and ways, with lots of choices and opportunities to explore.

3-YEAR-OLD PRESCHOOL

NEW! MULTI-AGE PRESCHOOL

Our new multi-age preschool is an opportunity to learn in a theme group of ages and abilities. Research indicates many advantages for young children when they are in multi-age classrooms. These children have an opportunity to mentor and teach younger students in the classroom, modeling appropriate behaviors and encouraging younger students with verbalization skills, while younger students learn the opportunity to learn from their new peers. Most of the teachers at Multi-Age Preschool at the South Campus have multi-age classroom experience. Multi-Age Preschool teachers create projects and complete tasks with different age groups. The curriculum will include more opportunities for parent and small group learning, opportunities for both those who attend Multi-Age Preschool.

Children must be born by October 1, 2015.

4-YEAR-OLD PRESCHOOL

In our 4-year-olds who are learning a life-long and enjoyable despite our for the kindergarten-year to come. Curriculum is morning and extended curriculum becomes more through concept-based and academic work with other areas for language, story telling, story writing, and a lot of individual and group experiences. Cooking is science and synthesis, so the kids and their ideas are shared together. Use of social stories promotes social imagination, cooperation, and negotiation. Learning is interesting, with plenty of opportunities for children to explore and enjoy their learning processes. 

2015-2016 SCHOOL YEAR REGISTRATION:

WEBSITE LAYOUT

The website homepage uses a color menu bar at the top (#00a160). Below that is a main menu bar on a white field with a light gray grid. Each item in that bar is a different color. Below that is a promotion slider that is scales to the width of the screen. Beneath the slider, the screen is split horizontally. One side is a photo and on the other is a color block with the circle pattern overlaid. This repeats below with the blocks reversed. Below that are a color news block and an event blocks on a white/gray grid. On a smaller screen or mobile browser, these blocks change to single vertical stack. At the bottom is a final bar (#d10067) with basic info about Park District contact and site information.

EARLY LEARNING CENTER MINI-SITE

The Early Learning Center site has a different layout than the main site, however follows similar standards. The same colors and graphic elements are used. Sidebar elements are in color blocks that change from page to page. The main section is on a larger white field with colored headlines. A different photo appears at the top of each page.
Fliers

Guidelines for two and one color fliers.

Flier one template consists of a green swoosh at the top of the page and full color logo in the bottom right hand corner.

Flier two template consists of the full color logo centered at the top of the page and a blue swoosh at the bottom.
CLOTHING

All clothing graphics, including color, logo placement, and design must be approved prior to printing.
