

YOUTH ENRICHMENTS

AFTER SCHOOL ART CLUB

PRESENTED BY THE JOY OF CREATIVITY ☞

Using ideas from famous artists, we will explore our individual style as we learn from the masters! We will discover the playfulness of Picasso, the vision of O'Keeffe and the musicality of Kandinsky's paintings, to name a few. Instructor Carole Pearlman leads this mixed media class which will use watercolors, tempera paints, oil pastels, and more! **No class:** September 21 & November 22.

AMAZING ART

PRESENTED BY SUNSHINE ARTS & CRAFTS ☞

All your favorite art projects and mixed media are thrown together in this unique class. Kids will make Tie Dye shirts (art smocks for the session), paint pottery, create fired ceramic arts, paint a canvas acrylic painting, do recycled arts projects, and more! Develop techniques and learn new projects each class! **No class:** September 29, October 6, November 10, 24.

AMAZING MINDS ☞

Go on an incredible journey after school with Amazing Minds! Discover countries near and far, land and water animals, rocks and minerals, and stormy weather. Learn to use tools such as calculators, magnifying glasses, microscopes, tape measures and geology kits to help you solve problems. Engage in science experiments where you dissect owl pellets, wear prism glasses, and make raisins bounce. **No class:** September 21, November 9, 23.

NEW! CIAO BELLA SEWING ☞

Combine the basics of fashion design, hand sewing and machine sewing! All supplies, including fabric, thread, needles and pins will be provided. Students may choose to purchase additional specialty items on their own. **No class:** September 21, November 9, 23.

FASHION DESIGN & SEWING I

While learning the foundations of traditional fashion design, you'll learn hand sewing and sewing machine skills. This class is great for beginners who are looking to dive into the world of fashion and sewing! Students will complete two different projects by the end of this course.

FASHION DESIGN STUDIO: PJ PANTS

Students will learn pattern production and more intermediate skills. By the end of the course, each student will have made at least one pair of pajama pants.

CHESS SCHOLARS ☞

Develop intellect through the royal game of chess! Current research shows a strong link between chess and academic performance in mathematics and language arts. Chess enhances a child's motivation, concentration, focus, social skills, and creativity. Each class consists of a fun, interactive teaching period and guided practice time. Each first-time student receives a free chess set to take home. **No class:** September 21, November 9, 23.

CRAFTING WITH KIM WITH KIM BLOOMBERG ☞

Engage, explore, and experiment with a wide variety of craft supplies. We'll make exciting projects using Duct tape, Modge Podge, Sculpey, tile, recycled materials and much more! Topics are the same, season to season, but individual projects will differ. **No class:** September 29, October 6, November 10, 24.

INTRO TO STEM WITH LEGO

PRESENTED BY PLAY-WELL TEK ☞

Ratchet up your imagination with tens of thousands of Legos®! Build engineer-designed projects, such as firetrucks, space stations, tugboats, and the Eiffel Tower! Design and build as never before and explore your craziest ideas in a supportive environment! **No class:** September 29, October 6, November 10, 24.

MAD SCIENCE ☞

Mad Science offers hands-on science with lots of fun and excitement. All materials are included and instructors are provided by Mad Science of Northern Illinois. **No class:** November 22.

NASA

Developed with NASA, we will explore planets and moons, space phenomena, rocket science, living in space, and more! Each scientist will make take-home projects, including a Cosmic Chronometer, Lightening Launcher, a launchable model rocket, and more!

SECRET AGENT LAB

Join the Mad Science Detective team as we learn how to gather clues and solve mysteries using science! Students will learn forensics and the science of being a spy in this fun series full of take-home projects.

MOBILE APP DEVELOPMENT

WITH TECHSTARS BY COMPUTER EXPLORERS ☞

Learn how to be a developer and create apps for iPhone and Android devices. Students will learn the essentials of designing and programming mobile apps. Working with a partner, they use AppShed to explore key coding concepts, easing into the first steps of Java programming while having fun creating fully-functional apps. **No class:** September 21, November 9, 23.

SUPER HERO ENGINEERING WITH LEGO

Save the world with Super Heroes! Build the hideouts and vehicles of your favorite caped crusaders and learn what makes them not only Super Heroes, but Super Hero Engineers! An experienced Play-Well instructor guides young heroes as they design, build, and save a city where ingenuity and imagination can solve any conflict.

STICKY FINGERS COOKING

Let your child release their inner chef! Students will prepare and eat healthy, globally inspired recipes all while learning to cook in a fun, engaging and real-world way! Our Chefs will reinforce kitchen skills associated with our weekly recipes and emphasize each area of cooking--terminology, ingredients and fun nutrition facts (even a few bad jokes!) We will practice measurements, use a wide array of cooking utensils all while preparing the freshest ingredients. Full recipes will be created each class. **No class:** September 30, October 7, November 11, 25.

VIDEO GAME CODING

WITH TECHSTARS BY COMPUTER EXPLORERS ☞

TWO GREAT PROGRAMS in one! First you will develop computer based games in Sploder. You will be challenged to concentrate on game creativity and strategy as you develop your multi-level game project. You will work in pairs and present your projects at the end to friends and family. In the second part of the program, you will dive into the world of video game animation- by using Scratch 2.0 to create characters that dance, sing and interact with one another. Working in teams, you'll add sound effects and music clips to create a dynamic video animation game by using software created just for kids. Creativity rules in this fun version of video game design! **No class:** October 9.
