

Computer Explorers

Computer Explorers Technology Camps

Computer Explorers combines cutting edge technology instruction with fun, exciting, hands-on projects where campers work together to prepare for the academic and technology worlds of tomorrow.

Who: Entering Grades 1-5
Where: Takiff Center
Instructor: Computer Explorers Staff
Min./Max.: 6/10

**COMPUTER
EXPLORERS®**

Digital Movie Making Workshop Is there a future Steven Spielberg in your house? As directors and producers, kids work in teams to create their own story and script, build scenes, and film and edit their movie. We use graphic editing techniques and stop motion animation, add special effects, background sounds and music. At the end of the camp, we show our movies at a private screening! All campers receive a copy of their movie to take home after camp is complete.

Grades	Day	Dates	Time	R/NR Fee	Prg.#
1-3	Mon.-Fri.	June 11-15	3:15-4:45 pm	\$163/\$179	8501-1

Jr. FUN-gineering with LEGO® Young engineers build working models of simple machines such as a crane, rolling vehicle, and a merry-go-round. They learn about levers, gears, pulleys, wheels, and axles using LEGO® Simple Machines kits. Campers work in teams on activities designed around creativity, exploring, investigating, and problem solving in a fun group environment! Note: No computers are used with this camp.

1-3	Mon.-Fri.	June 18-22	3:15-4:45 pm	\$163/\$179	8502-1

Video Game Animation Programming Dive into the world of video game animation by creating characters that dance, sing and interact with one another. Working in teams, campers use sound effects and music clips to create a dynamic video animation game by using software created just for kids. Creativity rules in this fun version of video game design!

Sun Fun and Sun Adventures campers are picked up from camp at 3 p.m. by Computer Explorers staff.
