

## Parent and Tot Preschool

A gentle step into the preschool world for your toddler, with a parent or caregiver on hand for extra enjoyment and support. Dabble in a table of cool cooked pasta, sift sand, flap a parachute, or perform a rain dance! Parents and caregivers learn new songs and play ideas as they join in the fun with their little ones. Social relations, motor skills and language development thrive in this friendly, stimulating setting. The class includes snack, gym time, art and group time, scaled just right for busy toddlers!

You know your child is ready when she turns mashed potatoes into an art project, and bath time becomes an experiment in liquids in motion...when syllables foreshadow words and sounds take on the rhythm of speech...when little legs that were once unsteady send your child out to explore the larger world!

Parent and Tot Preschool paves the way for discovery with tactile, creative, and social experiences that spark imagination and build connections. Be a part of your child's first school experience as you visit with other parents, share learning activities and marvel as you watch your child grow.
